## GENERAL INFORMATION

You are invited to take part in the **26th Saint Petersburg International Conference on Integrated Navigation Systems** to be held by the State Research Center of the Russian Federation - Concern Central Scientific and Research Institute Elektropribor, JSC, on **27-29 May 2019**.

This annual Conference has become a traditional event for scientists and engineers from all over the world involved in navigation and motion control to share the results of their investigations and discuss prospects for the future.

## CONFERENCE TOPICS

- Inertial sensors, navigation and orientation systems
- Integrated navigation and motion control systems
- Global navigation satellite systems
- Gravimetric aids to navigation

Each topic covers the following aspects:

- design features
- methods and algorithms
- application specific features (aerospace, marine, surface, underground)
- testing and metrology

*The Conference does not cover the issues related to military and technical cooperation, development of military technologies and weapons.*

The Program Committee considers it expedient to include survey papers and papers by young scientists (under 33 years old) in the Conference program.

## CONFERENCE LANGUAGES

All presentations at the Conference will be held in English or Russian and will be simultaneously interpreted.

## CONFERENCE FORMAT

The Conference program includes plenary and poster papers. Invited papers and Panel Discussion are scheduled.

Proposals for the topics of Panel Discussion are accepted by the Program Committee.

## ABSTRACT AND PAPER SUBMISSION

Abstracts of **600 words (not characters!)** in English complying with the guidelines for abstract preparation posted on the Conference website should be submitted ONLINE via the Conference Management System **CoMS-Elektropribor**: <http://comsep.ru>  
Abstracts not complying with the above requirements or submitted after the deadline indicated in the IMPORTANT DATES section will not be considered by the Program Committee.

\*\*\*

The papers included in the Conference program are to be prepared according to the paper publication instructions and submitted ONLINE via CoMS-Elektropribor system.

Abstracts and papers sent by e-mail **will not be accepted**.

## CONFERENCE PROCEEDINGS

Please note that the printed copies of the Conference Proceedings **will not be published**.

The participants will get access to the preprints of the Conference papers in English.

The texts of papers in English presented at the Conference will be submitted for publication in IEEE Xplore and for indexing in Scopus, an international citation database.

The Program Committee will recommend some selected papers for publication in the journal Gyroscopy and Navigation (indexed in Scopus), with authors' additional revisions if appropriate.
